

Junior Activities Joining Team App Updated 20th November 2015

WHAT IS TEAM APP?

Team App is a free, North Curly Nipper specific platform accessible via smartphone and web browser that allows Nipper families to:

- have all relevant family members receive required information
- determine yourself what information you receive
- select whether to receive push notifications or rely on checking the app yourself

Team App puts Nipper Families in control of the Nipper information they receive.

You may also want to check "Calendar" and "Downloads" to see what is coming and access documents about events.

If you are getting news not relevant to you, review your "Membership" > "Access Groups" settings.

TOO MANY NOTIFICATIONS

You can turn off notifications on your phone under "Settings"
